The image shows a standard EU energy label for a tire. At the top left is the European Union flag. To its right is the word "ENERGY" in a bold, blue font with a lightning bolt symbol. Further right is a QR code. Below this, the brand name "BRIDGESTONE" is on the left and the tire identification number "21941" is on the right. A horizontal line separates this header from the tire specifications: "215/60 R17 96 H" on the left and "C1" on the right. The main body of the label is divided into two vertical sections. The left section, representing fuel consumption, features a tire icon and a fuel pump icon. It has a vertical scale of five colored arrows (A: green, B: light green, C: yellow, D: orange, E: red) with a black arrow pointing to 'A'. The right section, representing wet grip, features a tire icon with rain and a cloud. It has a vertical scale of five blue arrows (A: dark blue, B: medium blue, C: light blue, D: very light blue, E: white) with a black arrow pointing to 'B'. Below these sections is a noise label showing a tire icon, a speaker icon, and the text "68 dB" and "ABC". A small vertical text "2020/740" is located on the right side of the label.
